

Streamline the  
appraisal process

## CCC ONE™ Appraisal Platform

When it comes to auto physical damage, nobody connects more insurers, repairers and independent appraisers than CCC Information Services. By bringing the critical functions of your business together in one application, the CCC ONE™ Appraisal Platform helps streamline the appraisal process through a simplified and intuitive user interface. Our cloud-based solution improves efficiency by combining estimating and audit into a hosted single desktop application.

Plus, the CCC ONE Appraisal Platform is a modular solution. Start only with what you need, and expand as your business grows.
